Description

This modern construction project is being built near Port Andratx and is limited to just 18 exclusive apartments spread over two buildings.

The luxurious penthouse has 2 bedrooms and an unobstructed view of the bay and the open sea. On the roof terrace there is a sun shade and a 15 m2 pool, which can be built with a glass floor on request and is therefore visible in the living area. Special features of this penthouse include an open fireplace and bus system. The apartment is equipped with luxurious and high-quality furnishings from renowned brands such as Dornbracht rain showers, Corian wash basins, Grohe Blue System for drinking water, Sonos sound systems and tailor-made kitchens from Miele. The large terrace is surrounded by lush, almost tropical greenery that ensures exclusive privacy. Time flies as you relax at the 25-meter salt water pool (heated) on one of the DEDON daybeds, or relax on the private sandy beach. In the area, a cascade pool is hidden in a green oasis. The 24/7/365 concierge service makes the impossible possible, a yacht trip to Ibiza or a little refreshment while relaxing in one of the lounge chairs. Another special feature is the 700 m2 spa area, with an indoor pool and gym.

The construction project meets the highest demands and leaves an environmentally friendly footprint with the integration of sustainable materials and the most modern technologies for low energy consumption.

The planning application has been submitted.
