## Description

This fabulous construction project is located near Santa Eulalia and offers panoramic views over the valley of Santa Eulalia. The villa will be perfectly integrated into the hillside and will make it an exceptional home. The light flooded property will have 4 bedrooms, each with en-suite bathrooms. It will have spacious rooms with a unique design, high ceilings with recycled wood beams and a cinema room and an artistic toilet shaped like a giant egg. When building, great emphasis is placed on ecological building materials such as hemp tiles and natural lime paint. The goal is to perfectly combine nature, the Ibizan spirit and the love of design. There will also be a separate guest house on the property. The guest house will be equipped with a living room, 1 bedroom and 1 bathroom.

Only long term rental possible
