Set on a generous 6,000 m² plot in one of the most prestigious and expensive residential areas on the entire island, this rare first-row seafront villa in Es Cubells offers an opportunity that almost never appears on the market. With direct sea access, unobstructed views, complete privacy, and a privileged west-facing orientation that captures the sun until the last ten minutes before it sets, this is one of the most desirable coastal properties in Ibiza.

With a built area of 300 m² and 5 bedrooms, the villa is fully livable today — yet with additional investment, it holds the potential to be transformed into an architectural masterpiece that aligns with Ibiza's highest luxury standards. Seafront plots of this size and location are nearly impossible to obtain, making this villa not only a dream home but also a blue-chip real estate investment.

Es Cubells – One of the Most Exclusive & Valuable Addresses in Ibiza

Es Cubells is widely regarded as one of Ibiza's most exclusive, luxurious, and expensive residential enclaves, often compared to the private coastal communities of the Côte d'Azur. Perched on dramatic cliffs on the island's south coast, Es Cubells offers:

- Ultra-private luxury estates
- Breathtaking clifftop panoramas
- The famous whitewashed church with panoramic sea views
- Peaceful, upscale living far from mass tourism
- A tight real estate supply, making properties here extremely valuable

Only a limited number of homes ever exist on this frontline stretch of coastline — and first-row villas with sea access are almost never for sale. They are considered the crown jewels of Ibiza real estate.

Owning a seafront property in Es Cubells means entering one of the most exclusive tiers of property ownership in the Mediterranean.

- A Unique First-Row Villa with Sea Access – Rare Beyond Comparison

- First-line villas with private sea access are almost mythical.

Here, a private path leads directly from your land to the water, allowing for:

- Morning swims in crystal-clear waters

- Boat pick-ups
- Total immersion in Ibiza's natural beauty

The combination of size, orientation, cliffside magic and sea access sets this property apart as one of the

most valuable seafront opportunities on Ibiza today.

The Villa – Livable Now, Transformable into a World-Class Luxury Estate

The existing home offers:

- 300 m² built area
- 5 bedrooms
- Spacious indoor and outdoor living areas

The villa is in good, fully livable condition — ideal for immediate enjoyment.

However, with thoughtful renovation or modernisation, this property could become a show-stopping architectural icon, significantly increasing its value and prestige.

This is a dream canvas for anyone wanting to create a custom-designed luxury home on one of the finest plots in Ibiza.

The villa's west-facing orientation ensures:

- Sun from late morning through the entire afternoon
