Description

Can Curt is a beautifully reformed finca in the exclusive area of Cala Jondal. The house is set in the tranquility of the Ibicencan countryside, with sea views to Formentera and is just a 10 minute stroll to the famous Blue Marlin beach club. The house has been carefully and impressively modernised to a very high standard whilst retaining its original Ibicencan charm. It is surrounded by stunning gardens, terraces and a large pool which combine to give wonderful outside space. Can Curt provides the perfect retreat for those seeking a private and relaxing holiday and is ideal for families and groups alike. Cala Jondal is acclaimed for being the best location on the island due to the perfect blend it offers. On the one hand you are surrounded by the beauty of the south coast; the hidden coves, stunning beaches and towering cliffs. On the other hand there are an abundance of great restaurants, super chilled beach clubs and chic bars that play host to the rich and famous. It's all just around the corner for you to explore.

The original finca dates back over 200 years and the house retains many of the original features without compromising on the quality of a modern luxury villa. There are 6 bedrooms and 5 bathrooms in total. Four bedrooms and four bathrooms are in the main house and two bedrooms and one bathroom are in the neighbouring annex. There is a large kitchen with breakfast table, a dining area and a cosy living room. The inside living leads directly to the outside dining and chill out terrace which in turn drops down to the pool terrace, chill out area and large lawn.
