Location

Description

Enchanting and perfectly renovated natural stone house with views over the beautiful countryside up to the church of San Mateo. Only a short walk through the land, passing antique terraces and olive trees one can reach the dramatically beautiful bay of Cala Albarca. The house was renovated with lots of love and many details to a modern standard and consists in the main part of a cosy living area with fireplace, kitchen and two bedrooms with one bathroom. Separated from the main part there are three more bedrooms, two of them with their own bathroom. The house is surrounded by many different places to enjoy while meditating or just listening to the silence. A jewel of the classic ibizencan architecture awaits you.
