Unique luxury property in Cala Jondal, at just six km from Ibiza town. This newly renovated property of glamorous and bright luxury design, is equipped with the highest quality materials.

An electric gate grants access to the manorial estate, past the house staff, the two guest houses & orange plantations and leads to the entrance with a large carport and plenty of car parking spaces. The fascinating, magnificent views of the sea, the island of Formentera, the beaches of Cala Jondal and Sa Caleta show all the advantages that the island of Ibiza has to offer.

The park-like garden is built in a Mediterranean style, great for families with children. From the pool area you have a gigantic view to the country and the hills. Located near the pools you find a pool house with kitchen, a dining area, an outdoor shower and a high-end sound system. In this entertainment area you can enjoy pure silence, you can relax or even celebrate beautiful party and barbecues.

The house was built on two levels. The lower area offers a large living room with fireplace and large windows, all built in the direction of the sea and pool. The ceiling is completely kept in silver leaf. A wine cellar is also available. From every corner of Namaste you look at the sea and the pool with color-changing LED lighting. So you have the most beautiful Ibiza-blue in the daytime and a charming lighting in the evening. The large, separated dining room is located next to the fully equipped kitchen. The interior is very luxurious and with a lot of love in detail. The large outdoor terrace offers plenty of space to sunbath relax and chill.

On the upper floor you find the majestic main bedroom, dressing room, a beautiful bathroom, three additional bedrooms with en suite bathroom and large terraces with overwhelming views. Back at the entrance there are four more bedrooms with bathrooms en suite, which are decorated in a very glamorous way.

The villa has a total of seven bedrooms with en suite bathroom, dressing room, two guest houses, each with a bedroom and living-dining area, a staff house, a summer house, two swimming pools, terraces, a satellite system with all international channels, sound system, television and DVD, air conditioning, heating, security alarm and an automatic irrigation system.
